

# Oak Grove Elementary School Mission

- We will maintain a supportive and stimulating environment so that our students develop a commitment to and passion for learning.

## Our Vision

- Every day, every Oak Grove student is authentically engaged in producing high quality work that is challenging, satisfying, and relevant to his or her interests and needs. High standards are the norm for all students, and all students achieve at high levels.
- All parents feel welcomed as partners in the education of their children. All parents have the skills and confidence to appropriately advocate for their children.
- All staff members understand and respect the races, nationalities, and religions represented in our school community, and take responsibility for ensuring all students' cultures are recognized and affirmed.
- All staff members hold high expectations for all students and accept responsibility for ensuring all students achieve excellence. The staff is eager and able to provide whatever is necessary to support students in this endeavor.
- We take pride in knowing that at Oak Grove Elementary School, all children achieve excellence.

## Our Values

- Students learn in different ways. They have different capabilities, interests, and needs and we are committed to accommodating these differences while challenging each student to achieve excellence.
- We celebrate the cultural diversity of our student population and take every opportunity to incorporate that diversity into our students' social and intellectual development.
  - We are committed to maintaining a safe, caring, and supportive environment that is conducive to teaching and learning.
- Learning is a collaborative effort among staff, students, parents, and the community. Effective communication among all school groups is essential for all students to be successful.
